Education

- | | |
|---|----------------|
| National Institute of Technology, Surat , B.Tech. in Electronics and Communication Engineering | 2023 – Present |
| • CGPA: 7.13 | |
| Shree K.G. Dholakiya School, Rajkot , XII (GSEB) | 2023 |
| • Percentile: 91.0% | |

Experience

- | | |
|---|----------------------|
| Software Development Intern | May 2025 – Jul. 2025 |
| Qwykli – Professional Home Services Platform (Certificate) | |
| <ul style="list-style-type: none">• Platform Architecture: Architected and enhanced a professional home-services platform connecting customers and service providers across the Delhi NCR region.• Backend & APIs: Executed scalable REST APIs using Node.js, supporting 1,000+ daily service requests while maintaining 99.9% uptime.• Frontend Delivery: Elevated UI performance by delivering a responsive React.js and Node.js web application with complete mobile feature parity.• DevOps & Automation: Orchestrated CI/CD workflows using Docker and GitHub Actions, reducing deployment cycle time by 70%. | |
| Open Source & Web3 Project | Jan. 2025 |
| Agora Blockchain (Merged PR) | |
| <ul style="list-style-type: none">• Performance Blockchain Development: Eliminated React conditional re-rendering issues in Agora Blockchain, reducing unnecessary renders by 40%, and created a decentralized healthcare application using Solidity smart contracts and a React.js Web3 frontend to ensure secure, role-based, immutable medical record management. | |

Projects

- | | |
|--|------------|
| HelperBuddy | March 2025 |
| Google Winter Of Code conducted by GDSC NIT, Surat (GitHub Live) | |
| <ul style="list-style-type: none">• Full-Stack Platform: Designed a multi-role system using Next.js, PostgreSQL, and Prisma, supporting USER, PARTNER, and ADMIN workflows.• Authentication & Payments: Applied secure authentication via NextAuth and integrated Razorpay payment processing.• Analytics & Engagement: Built traffic and sales dashboards, wallet systems, and referral logic, achieving a 95+ Lighthouse SEO score. | |
| My Govt Platform | Feb. 2025 |
| Hackathon - Dotslash 8.0 conducted by ACM NIT, Surat (GitHub Live) | |
| <ul style="list-style-type: none">• Secure Voting System: Engineered an online election platform using Next.js, Firebase Authentication, and MongoDB.• Role-Based Access: Enforced admin and voter dashboards for election configuration, candidate handling, and voter management.• Real-Time Transparency: Delivered live vote counting, decentralized storage using IPFS and Solidity, and AI chatbot for general support. | |

Technical Skills And Interests

Languages: C++ , C, JavaScript, TypeScript, Rust, Solidity, SQL

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS, WebSockets

Databases & Tools: PostgreSQL, MongoDB, MySQL, Prisma ORM, Docker, GitHub Actions, Git, Postman, JWT, Hardhat

Areas of Interest: Full-Stack Engineering, Backend Systems, Web3 Applications, AI Wrappers & Agents

Achievements

- | | |
|---|------|
| DotSlash 8.0: Finalist (Top 20 of 350+ teams) | 2025 |
| Google Winter Of Code: 1st Place (40+ teams) | 2025 |
